RULES RELATIVE TO PETITIONS AND PRIVATE BILLS.

Petitions for Private Bills.

87. (1) Petitions for Private Bills shall only be received by the House within the first six weeks of the session, and every Private Bill shall be presented to the House within two weeks after the petition therefor has been favourably reported upon by the Examiner or by the Committee on Standing Orders, and no motion for the suspension of this Rule shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension and giving their reasons therefor.

(2) That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called on two separate occasions for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

Deposit of Bills and Fees.

88. (1) Any person desiring to obtain any Private Bill, shall deposit with the Clerk of the House, at least eight days before the meeting of the House, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same; the translation to be done by the officers of the House, and the printing by the Department of Public Printing, and if such Bill is not deposited by the time above specified the applicant shall, in addition to the charges for printing and translation pay the sum of five dollars for each and every day which intervenes between the said eighth day before the meeting of the House and the date of the filing of the Bill;

but such additional charge shall not exceed in the aggregate in any one case the sum of two hundred dollars.

2. After the second reading of a Bill and before its consideration by the Committee to which it is referred, the applicant shall in every case pay the cost of printing the Act in the Statutes, and a fee of two hundred dollars.

Additional Charges.

The following charges shall also be levied and paid in addition to the foregoing, viz.:—

4. When a Bill is for the purpose of increasing the capital stock of a company, the additional charge shall be according to the above tariff, but shall be charged upon the amount of the increase only.

5. When a Bill is for the purpose of increasing the borrowing powers of a company without any increase in the capital stock, the additional charge shall be \$300.00.

6. If any change in the amount of the proposed capital stock of a company, or of any increase thereto, be made at any stage of a Bill, the said Bill shall not be advanced to the next stage until a certificate has been filed with the proper officer to the effect that the payment of the charges consequent upon such change has been duly made.

7. In this Rule the term "proposed capital stock" includes any increase thereto provided for in the Bill.

8. The additional charges provided for in section 3 of this Rule shall also apply to Private Bills originating in the Senate; provided, however, that if a petition for any such Bill has been received by this House within the first six weeks of the session, the additional charges made under sub-sections b and c of section 3 shall not be levied thereon.
